Subject: Congratulations! ACS Virtual Issue

Dear Mark,

I am writing to let you know *Analytical Chemistry, Environmental Science & Technology, Environmental Science & Technology Letters* launched the virtual special issue "Water Analysis for Emerging Chemical Contaminants" on January 20. Your article "**Identification of Novel Perfluoroalkyl Ether Carboxylic Acids (PFECAs) and Sulfonic Acids (PFESAs) in Natural Waters Using Accurate Mass Time-of-Flight Mass Spectrometry (TOFMS)**" was included.

I'm sure you'll enjoy reading the collection of 20 papers:

Torsten C. Schmidt and Jennifer Field wrote a great highlighting editorial:

Congratulations on being featured! Thank you for your support of ACS Publications.

Sincerely,
Nella
